

Lukas Nursery's Landscape Design Service Agreement

Our Design Team at Lukas Nursery takes pride in helping you achieve your landscape improvement goals. Through our design process, our Designers will work with you to artistically create a landscape design that meets your needs and vision. Please read below to further understand the scope of work and responsibility by engaging with our Landscape Design Service.

Expectations of the Design Service

- On-Site Consultation to assess the project area, establish design goals/needs, and take measurements
- Review of Proposed Design and Plant choices at Lukas Nursery
- Artistically drawn, to scale, Design Plan
- Plant List and Estimate for Plant materials
- Landscape Installer recommendations

Modifications to Design: Any modifications or changes to the Design may be subject to additional fees.

Payment

Upon engaging with our Design team, your assigned Designer will assess the scope of your project and provide you a Design Service Fee. The Design Service Fee varies based on the size, style, and overall scope of the project. Payment for the Design Service Fee is due upon completion of the Design Service. Payment is accepted by Lukas Nursery in form of cash or all major Credit Card providers.

Disclaimer of Liability

Lukas Nursery and its Design Team are not responsible for unspecified property lines, underground utilities, plumbing, septic systems, or any architectural concepts. Our Designers are Florida Certified Horticulturists and provide expertise in plant knowledge. They do not express professional advice for trades such as irrigation, electrical, architectural, or construction.

Lukas Nursery is happy to provide you with references for installation of our Design. At the point of referral, we expect the homeowner to contract with the Landscape Installer of their choice. Lukas Nursery will not assume responsibility for the scope of work contracted to be performed by the Landscape Installer. While Lukas Nursery and the Designers are not responsible for the work performed by the chosen Landscape Installer, we have had numerous successful results and happy clients from our recommended Landscape Installers.
